2026 Hunt Units & Permit Reconciliation

Per-species and per-hunt-code reconciliation of official public-draw permits, official EXPO permits, and the current Utah DWR Hunt Planner permit totals.

**PUBLIC DRAW PERMITS + EXPO PERMITS = HUNT PLANNER
TOTAL**

26 of 26 exact-code rows balance | 41 EXPO permits | 100% reconciled

Scope: these are the 26 official 2026 EXPO allocation hunt codes that exactly reconcile to a current Hunt Planner code and an official UtahDraws public-draw quota. The statewide EXPO series contains up to 200 permits; this document isolates the exact-code draw-plus-EXPO reconciliation set and does not recast other special-permit categories as public draw permits.

Authority and reading notes

Hunt Planner total: current DWR published quota. Public draw: official UtahDraws actual draw-result quota. EXPO: official Wildlife Board allocation. R = resident; NR = nonresident. A MATCH means Draw R + EXPO R = Planner R, Draw NR + EXPO NR = Planner NR, and Draw total + EXPO total = Planner total.
